Makoto Haruno

Hello. I'm so happy to be able to greet you  
like this again in Volume 2! With lots of sup-  
port and help from many people, I have been  
able to experience the one year anniversary  
of this series. Thank you very much! Whoooo.  
But it's so hard to write in this high humidity  
and heat. Uu, but when it's cold my hands  
get numb. Then there's too much pollen in the  
air during spring. And in the fall I can't resist  
the temptation to overeat. You know, maybe  
Makoto Haruno is better suited for making  
stuffed animals (even clones)?

ARTIST MAKOTO HARUNO RECEIVED THE BRONZE AWARD  
FOR THE MONTHLY JUMP MANGA GRAND PRIX FOR HIS  
MANGA "BOKU WO MITSUKETA HI" (THE DAY I FOUND  
MYSELF). LEGENDGE IS BASED ON AN ORIGINAL CONCEPT BY  
VYZ (THE PEOPLE WHO BROUGHT THE WORLD TAMAGOTCHI)  
THAT HAS SPUN OFF TOYS, VIDEO GAMES AND ANIME SINCE ITS  
INTRODUCTION IN JAPAN IN 2003. THE MANGA ENDED ITS  
RUN IN JAPAN'S MONTHLY SHONEN JUMP IN 2005.

## The Story Thus Far

"Legends" is a computerized game, in which legendary monsters are reborn and recruit for battle.

Ron Kasabi, whose last friend is his Legendary Windragon named Starlin, leaves his parents' Onigiri festival in Japan's Wandering Kingdom to prove his abilities. His friend Roko is kidnapped by soldiers at Kaboriya Elementary who are after the Golden Soul P gems, which is his big hope by Ryukob's top Legends player, Ai Kaboriya. Ron is embroiled and fights lots of tough battles. With Starlin's help, his friend Roko, Ryukob's top Legends player, "Kiki," joins Ron in the Golden Soul P game, but Ron refuses to win it, hoping that he wants to fight only with Starlin.

As the movie in theaters, a helicopter appears and moves Ron to the Legends Carnival, a huge annual Legends tournament. Ron notes the tournament not knowing that being moved here was Starlin's idea—and the Legends made it—strapped in his first round. Ron survives this hard rule being enforced as the Soul Figures of dozens of other players break. Ron makes it to the second round, to which the goal is simply to survive for three days. During this round, Ron meets Kaboriya Gozoku, an injured player. Together, Ron and Kaboriya acquire a mysterious crystal.

volume **3**

What if scientists discovered that mythical creatures like mermaids, dragons and werewolves actually did exist? Better yet, what if any kid could train them to compete in the ultimate role-playing game? Welcome to the world of **LEGENDZ**, where master trainer Ken Kazaki and his loyal Windragon are about to turn fantasy into reality!

#### NECROM MENACE

Ken and his rival Kaoruko recover the mysterious crystal that will prove her scientist father isn't a crackpot. But Leo, the ring-master of the Legendz Carnival, has other ideas and will do anything to get his hands on it. Their explosive duel finally releases the true power of the Golden Soul Figure, but will it be enough to stop the forces of Darkness that are closing in on Ken and his friends?!
